

- **Beccles Business Association (BBA).**

The following points we raised by the BBA in relation to the Neighbourhood Plan Vision and Aims statement.

1 Accommodation for tourists as this helps to strengthen the economy for Beccles

2 Business rates down, and no out of town retail development.

3 Beccles town centre needs to stay the centre of Beccles and not get shifted with the new development.

- **Beccles Town Council**

Feedback from Beccles Town Council following a presentation of the Neighbourhood Plan and the Vision and Aims statement.

Further to the town council meeting on Tuesday 3 April 2018, I can confirm that the council agreed with the substance of the Vision and Aims document. The council did want to emphasise the importance of maintaining the current market town characteristics of Beccles and ensuring that the strong volunteer and partnership working spirit that currently exists is not lost.
