Notes from meeting held on 30 October 2017

Claire Mackney's surname was not included. Graham to amend.

Consultancy

Chris Bowden is available to help Beccles NP

He worked with Kessingland NP and is working with Worlingham NP

We think there is not a conflict of interest and Worlingham have no problem with us using Chris.

A meeting has been arranged with Chris on 10 November 2017 at the Town Hall

Action ALL - think about questions for Chris on 10 November

Grant application review

This is being done by DG, EB-C and RS and will be continued immediately after this meeting

Action GE GE to pass contact details of Liam Martin to DG.

Review of online survey

DG suggests it be put into sections that can be done in isolation so that people respond to their area of expertise and interest.

Does it relate back well to the original survey data?

CC suggests a "n/a" button

Is "face to face" going to be direct to a tablet with WiFi?

We need to do random face to face (in street, in library etc.) and also a carefully selected door knocking data set (eg No.7 of every street in town)

Need to be careful to avoid confusion with the Local Plan.

Local Plan Update

All response now available to view online

AOB

Three new members (Len Coote, Carol Coote and David Bye) need to be added to the email list of Operational Group members.

Carol and Len have subsequently agreed that only Carol will be an OG member and it was therefore agreed that we remove Len Coote as OG member

Clare Mackney and Chris Scott were elected as Operation Group members

Beccles Southern Relief Road JS to contact EB-C about this

CC is happy to work with DG on questionnaire data entry & analysis

Date of next NPOG meeting

Monday 27 November 2017

10am in the library

nb Additional meeting for OG members on 10 November 2017
